ASIA 2015

Begin a new story

It's time to begin a new story...

One that surrounds you with the finest luxury the world has to offer, while presenting you new experiences in every port. Like all good stories, yours will begin with a blank page, it's yours to fill. What will your story be? The all inclusive Crystal Cruises® experience is like no other, voted World's Best more than any other cruise line in history.

SERVICE: Six star service is the essence of Crystal Cruises, all inclusive fine wines, premium spirits & champagnes are served all day throughout the ship.

SPACE: Generously appointed staterooms & lavish Penthouses of exceptional design and style.

QUALITY: Onboard the highest quality is a foregone conclusion, from food to drinks & service.

With her three sisters, the legendary Crystal Symphony finds a natural home in the world's most glamorous harbors and exotic ports of call. Exceptional service, abundant space, exceptional quality and unparalleled choices have earned Crystal Symphony international recognition as one of the top two ships in the world. Welcome Aboard.

Crystal Symphony - a Symphony of Beauty

Butterfly in the Cloud

General Healthcare Data Centre provides online hospital management software and services for public and private hospitals and day clinics. Butterfly in the Cloud has been specially designed for clinical professionals to manage records and workflow in operating theatre environments, we design beautiful butterfly mobile apps and surgeons preference cards, pre-op safety checklist, surgery booking, patient recovery, managing chargeable items, surgery case report etc., and this is a business service model where software is hosted on the internet, and used as an innovative means of supplying solutions to fragmented hospital departments or divisions, surgeon's rooms, maternity supply, health food and other related entities. Butterfly in the Cloud releases new features approximately every month. Additions and extensions to functionality are developed in response to the needs of hospitals in Australia and the international market.

Butterfly in the Cloud was developed using Microsoft's .NET development environment, over a multi-terabyte SQL server 2012 database, AWS. Our production servers are hosted by Amazon Web Services, a tier-one hosting provider, which requires our servers and firewall 24/7 at guarded facilities.

We have made a significant investment in this global production hosting platform, providing it with the capacity of future growth and ensuring security of customer data.

Butterfly in the Cloud is a beautiful designed software and includes module based apps designed for various clinical roles, such as set up nurses, scrub nurses, paediatric nurses with the process of recovery and discharge and pre-op safety checklist.

Patented & Proven IP:

- Provisional patents have been granted.

ART in action

Art Classes Inspiring Creativity

Art in Action is a West Pymble based art school for school aged children. The children can explore their creativity in either weekly classes, school holiday workshops, or an art birthday party. Alex Baird, Director of Art in Action, has been painting and exhibiting for over 20 years and has three children. Her teaching style always caters for the different creative abilities of each child.

Children attending Art in Action will explore fun and practical exercises and then create their own work of art. The term classes run for an hour and a half and are structured to cater for different ages and interests. The workshop fees are all inclusive of materials used in each class.

ABOUT US

Explore & Develop is a not-for-profit organisation that provides early childhood education and care for children aged 0-5 years. We are committed to providing a high-quality, inclusive, and nurturing environment for all children, where they can learn, play, and grow.

EXPLORE & DEVELOP PHILOSOPHY

Our philosophy is based on the principles of early childhood education and care, which recognise that children learn through play and exploration. We believe that every child has the potential to learn and grow, and we provide a safe and supportive environment for them to do so.

SUSTAINABILITY

At Explore & Develop, we are committed to sustainability and environmental education. We provide a range of activities and resources that help children learn about the natural world and how we can protect it.

EDUCATION AND DEVELOPMENT

Explore & Develop provides a range of educational and developmental activities for children, including play-based learning, structured activities, and outdoor play. We believe that play is the best way for children to learn and grow.

EDUCATION AND DEVELOPMENT

Explore & Develop provides a range of educational and developmental activities for children, including play-based learning, structured activities, and outdoor play. We believe that play is the best way for children to learn and grow.

ALL INCLUSIVE EXTRA-CURRICULAR ACTIVITIES

Explore & Develop provides a range of extra-curricular activities for children, including sports, music, and art. We believe that these activities are an important part of a child's education and development.

NUTRITION

At Explore & Develop, we are committed to providing healthy and nutritious food for all children. We provide a range of healthy food options, including fresh fruit, vegetables, and whole grains.

TECHNOLOGY AND COMMUNICATION

Explore & Develop provides a range of technology and communication activities for children, including digital literacy, coding, and communication skills. We believe that these activities are an important part of a child's education and development.

SCHOOL READINESS PROGRAM

Explore & Develop provides a School Readiness Program for children aged 4-5 years. This program helps children develop the skills and knowledge they need to be ready for school.

ALL INCLUSIVE EXTRA-CURRICULAR ACTIVITIES

Explore & Develop provides a range of extra-curricular activities for children, including sports, music, and art. We believe that these activities are an important part of a child's education and development.

COMMERCIAL, INDUSTRIAL AND RETAIL BUILDERS

Clifford Constructions was founded in 1981 and specialises in commercial, industrial, public and retail buildings anywhere in the eastern states of Australia with contract values ranging from \$100M to \$100M.

We are committed to providing exceptional construction services to our clients by creating a successful partnership with them throughout the construction process and beyond. Our steadfast mission is to complete all projects on time, on budget and to the client's satisfaction. We also seek to deliver value through innovation, foresight, integrity and proactive performance. We will do this by fostering a work environment that encourages new ideas and new innovations that aim to provide superior construction services through constant improvement in the quality of our product.

Our vision is to build lasting relationships with our clients by exceeding their expectations through exceptional performance by every member of the construction team.

Our commitment to this vision will allow Clifford Constructions to become not only a premier construction company, but the premier construction company in Eastern Australia.

Company Capability & Structure

Clifford Constructions has a highly motivated team of site, management and administrative staff.

Our Key Personnel include:

Stuart Abbott - Director & Operations Manager
Craig Robinson - Director & Chief Estimator

At a project level, we have four project managers, contract administrators and administrative staff providing support to our site managers. Each project is staffed by a full time site manager as well as a leading hand, carpenter, electrician & labourer as required.

Our company is committed to training our staff and operates a growing apprenticeship scheme. This has been operating since our incorporation and has provided our company with the entire workforce. Two of our contract project managers and four of our site managers have all served their apprenticeship with our company. We believe that job satisfaction is essential for obtaining the best results from our human resources. We also believe that we offer this with a great majority of our staff being employed continuously with the business for greater than 10 years. In an industry that can be described as fickle at the best of times, this is a fact that we are very proud of.

EXPERIENCE

Experience with Retail Projects

Our twenty years experience has allowed us to fully understand the pressures placed on retailers in regards to continued or early trading opportunities and we always program our works with this in mind. Our continual involvement in this work has enabled our company to consistently deliver projects on time, on budget and to the clients satisfaction.

Some recent projects in this category completed in the last ten years include the following:

- McDonald's 102 Upgrades and 17 NTL
- Woolworths Fresh 18 NTL
- KFC 10 Upgrades and 8 NTL
- 7 Eleven 20 Upgrades and 5 NTL
- Coles 10 Upgrades and 4 NTL
- Big W 10 Upgrades and 2 NTL
- BP Australia 12 Upgrades and 1 NTL
- Bunnings 12 Upgrades

Experience with Hospitality Projects

Clifford Constructions has completed many hospitality projects in our time. This sector again draws on our vast experience which allows us to provide continued and/or early trading opportunities. We have consistently delivered these projects on time, on budget and to the clients satisfaction. Some recent projects in this category include the following:

- The Cooks Larder, Austin
- The Blackstone Tavern

Experience with Health and Aged Care Projects

Our company has completed a number of health and aged care projects in its 20 year history. During this time we have demonstrated an understanding of the need to minimise disruption to the operations of the building, maintain access to amenities and to suppress dust and noise. Our experience has allowed us to fully understand the pressures placed on these facilities in regards to continued trade opportunities and we always program our works with this in mind. Some recent projects in this category include the following:

- Regional Community Services - Glenfield
- Anglicare - Chester Park

Experience with Schools

We have been involved in school building projects for the past 20 years, both Public & Private and have completed works on over 40 schools in the last 10 years, including works as follows:

- Our Lady Help of Christians School, Epping
- Barker College, Maroubra
- Oakhill Drive Public School, Castle Hill
- Sacred Heart Primary School, Rydalmere
- Magdalen Catholic High School, Narrabeen
- Bayside College, Randwick
- St. Paul's International College, Mount Vale
- Rossmore Montessori School and
- Mountfalcon Public School

Experience with Operational Sites

With more as some of the most demanding projects in the industry, this is where our company excels. We have continuously demonstrated an understanding of the need to minimise disruption to the operations of the building, maintain access to amenities and to suppress dust and noise.

Experience in Delivering Multiple Projects

Our company has comprehensive experience in delivering multiple projects of any size, often for a number of our major clients. Our project managers track the co-ordination of roofing, walls, sub-contractors and suppliers on a daily basis to make certain that no project is affected at any time this ensuring that all projects are delivered on time, on budget and to the clients satisfaction. All projects undertaken by our company will involve weekly site meetings to ensure that all programmatic activities associated with the project are met.

Experience in Delivering Projects in Remotely and Isolated Areas

Our company has vast experience in prioritising works in all areas of Eastern Australia and even beyond. We have successfully completed works as far north as Innisfail (QLD) and Palmeston (NTL) west to Griffith (NSW) and south to Bendigo (VIC) and Melbourne (VIC) for many of our clients. No project is too far away.

HOT OFF THE PRESS

ISSUE 5 • DANA CLAYTON/CHELLENHAM NEWSLETTER • FEBRUARY 2006

OUR CUSTOMER

At the end of December we were fortunate to have a high ranking official from Toyota Japan visit our site. Kazuhiko Takemoto, the Managing Officer for the Motorachi Plant in Japan, was accompanied by a team of Senior Executives from Toyota Australia. We presented our progress toward the launch of the Q42L project and our plans with regard to plant investment and efficiency.

Overall the visit went very well with Takemoto-san making positive comments about our project progress and our commitment to investing in lean technology. Takemoto-san, drawing on his years of grass-roots experience, also advised us to remain focused on tool trial testing, production readiness including training, and to benchmark our operations to gain continuous improvements in both safety & processes.

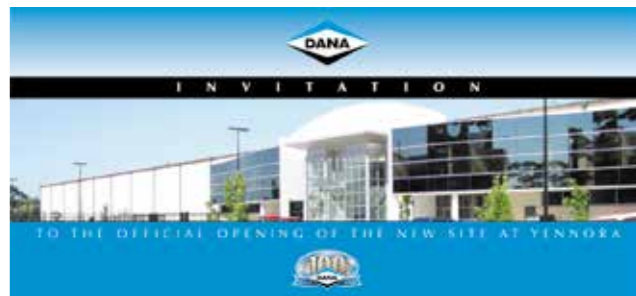

Malcolm Caldwell, Kazuo Arima, Mike Vigliorini, Alex Yano, Kazuhiko Takemoto, Brad Baker, John Bailey, Gavin De'Fronzo, Kazuhiko Takemoto, Mick Mulhall, Pat Fitzgerald, Sean McCann, Bob Gray, Bob McGarry, Ben Cooksey
